THE NEWS IN THE BLUFFS.

A Suit Begun Against an Insurance Company and its Agents.

A WASHINGTON TOWNSHIP SENSATION.

The Official Result of the Late Election Announced—All Thoughts of a Contest in the Third Ward Quieted.

Peterson Brothers, a live stock firm of Weston, are about to commence proceedings against the Mutual Life insurance company of New York, their agent in this city, W. K. Kappell, and E. W. Peck & Co. of St. Paul, to recover \$900 which, it is claimed, Kappell obtained from them on false pretenses. According to the story which is told by the prospective plaintiffs, Kappell made a trip to Weston for the purpose of working up some business for his company among others, he got hold of the Petersons and told them glibly stories of what they could do if they would only take out a policy with the New York Mutual. The Petersons told him that they were short on funds, that their farms were mortgaged, and that they did not know where the money was to come from to pay off the mortgages. Kappell told them that his company was organized for the express purpose of helping just such people as they. If they would take out a life policy with him for \$5,000, at the end of three years they would be allowed to surrender their policies, and would receive return on an amount sufficient to pay off their mortgages. By such reasoning he persuaded them that an investment of that kind was just what they were looking for.

On the strength of his representations, they claim, they took out a policy for the amount stated, and secured the payment of the \$900 in addition to the cash payment of \$500, which they were required to make. Not long after they were told that the money was not to be paid, and that it would be impossible for them to recover what they supposed they had invested and that the only way they could receive the worth of the money was by waiting for the policy to mature in the regular way. In the meantime the notes had been sold to the firm of W. Peck & Co. of St. Paul and were held by them as innocent third parties. A suit was therefore commenced against Kappell and the Mutual Life insurance company to recover the cash which was paid, and against the St. Paul firm to set aside the transfer of the notes. In both cases the action was brought in the federal court on the part of Kappell as the ground of their claim. Sims & Saunders have been secured as attorneys for the plaintiffs.

An attempt was made last evening to find Mr. Kappell, but he was out of the city and it is impossible to give his version of the affair.
